<p>Discussion (Including Relationship to other Council Actions)</p> <p>This type of tractor (200 horse power Class) is required for the land application of biosolids generated at the Northeast Wastewater Treatment Facility, which normally is a seasonal operation. By leasing we can avoid the capital expense of purchase and the overall maintenance expense of ownership. We feel this is a cost effective solution for the relatively low hours of equipment use in a seasonal operation.</p>	Opponents	<p>Groups or Individuals Unknown</p> <p>Basis of Opposition</p>
